

*We would like your feedback!*

Hello....

Thank you again for inquiring about our new Community that is being planned for Peterborough. As you know, we will be located on Chemong Road just north of Portage Place Mall. I am anticipating having the Sales Pavillion there in the next few weeks, and I expect to open for business at the beginning of September. We are just about finished with the community planning, and are in the process of finalizing the house plans; **this is where I require help from you....**

I would like to know if you have any suggestions? We will be introducing our 52' and 40' homes from Cloverlea in Lindsay, along with our TownHomes from Cloverlea. I think these homes have real charm and small town appeal, and will work well in Peterborough. However, I am also thinking of new designs - is there something here that you would really like to see? We are also thinking of introducing less expensive but still equally beautiful smaller home designs, either on 30' or 36' lots.

**What is more important to you?**

- One Car Garage home on a less expensive lot or a Two Car Garage home on a slightly wider lot?
- Big lots or small lots; vinyl or brick exterior?
- Covered decks, or second floor verandahs out front?
- What size home do you prefer; 3 bedroom or 4 bedroom?...what about a luxury ensuite bath?
- Do you like the overall Victorian theme of the houses in Cloverlea or would you prefer something aesthetically different?

Your feedback is greatly appreciated! Thank you, in advance, and we'll see you in September!
